Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The amendment filed on 11/16/03 canceling/amending all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because the independent claims include size characteristics of resonators which is drawn to the non-elected Group I. Furthermore, because the elected Group II invention original claims only were drawn to the impedance of a resonator filter and the coupling of the resonators, and since sizing of resonators was not part of the elected/claimed invention, such a limitation was neither considered or searched for the first office action.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
